AI is changing fast

What's possible?

How does it work?

Build Your Bot

Consider this a bootcamp & creative building space for AI.

Learn 🥟 Build

& Do Food! & Demo

1 Hour 3 Hours

You'll walk away with a bot **you built** and that **you can share**.

Learn

_____

& Do

1 Hour

Crash course in bot building!

- Group based
- Uses a starter project
- Uses Replit
  (online code editor)

All resources are online

Part 2: Hack!

🏠 <u>steamship.com/hackathon/harvard</u>

Part 3: Demos

- **Deploy** your bot

- **Come to the front** and we'll make an instance and you can explain it.

- **Tweet** a link to it and mention @GetSteamship and #HarvardBotWorkshop and we'll send you a **ship it** t-shirt :)
